1. Returned, with compliments, to the Local and Legislative Secretary to the Government of Mysore, Bangalore.

(2) An estimate for the work of installing electric lights in the Civil Hospital at Robertsonpet was sanctioned in October 1919 for Rs1089/- but for want of funds, the work was not taken up till 1921 July. The Executive Engineer Kolar Division in his letter No.77 of 18-7-1921 requested this Department to take up the work in hand but as the estimate had to be revised, based on the rates then current, a revised estimate was gotten up and sent to the Executive Engineer, Kolar Division, for communicating sanction, which remains still undisposed by him.

(3) The three contractors referred to in the correspondence who have come forward to carry out the work may be permitted to have the lights installed in the Hospital by a recognised Electrical contractor under the supervision of the Chief Operator, Kolar Gold Fields, who will have also an estimate prepared and sanction of this office obtained for the Departmental portion of the work for connecting up the installation from this Departmental mains, billing the

The Secretary to the Government of His Highness
the Maharaja of Mysore, Local & Legislative Deptts.
Bangalore.

Sir,

I have the honor to state that the absence of electric lights is a great drawback of the Civil Hospital, Robertsonpet, where cases of accidents may be expected at any time to seek admission and require immediate attention.

The question has been under correspondence for some time past and an estimate had also been prepared and submitted by the District Medical Officer, Kolar Gold Fields. But want of funds in the sanctioned budget came in the way of my approaching Government in the matter.

The* marginally named three Contractors of the place have now come forward to carry out the work at their own cost, an opportunity which is too good to be lost.

* Mr. R. Bhashyam Naidu;
" M. Veerappacharyar
" V. Sitharama Naidu

I request very early sanction of Government for accepting the offer of the gentlemen and issue of instructions to the Electrical Department to arrange for proper supervision of the installation work, which the donors themselves propose to undertake, subject to the Electrical Department supervision and test.

I have the honor to be, Sir
Your most obedient servant,

M Usmon

Dear Sir,

In inviting your kind attention to my D.O. No. G.C. 36-1, dated, 7th August 1925, marked "immediate" about the installation of electric lights to the Civil Hospital, Robertsonpet, I write to request that you will be so good as to inform me as to when the orders of Government in the matter are likely to be communi-- cated. The Medical Officer, in Charge of the Hospital, has since intimated that delay may cause some inconvenience in carrying out the installation work, as one of the contractors is likely to withdraw his rates. I therefore request you will kindly treat the matter as immediate and expedite the orders of Government at your earliest convenience.

---

Dear Sir,

I have addressed three letters requesting you for permission for Electric installation for the Hospital and I have received no reply. I beg to state that the Gentlemen who have promised electric lighting are eager to finish it by Dasara and they had come to me three times and they were disappointed very much when they were requested to wait for few days more for the permission from the Government. Under these circumstances, I crave for your indulgence in the matter and address the Government again forearly permission.
